ARTICLE

Designation : **Plastic bin with wheels**

Code bobet :

17422 : 120 litres

3777 : 240 litres

5348 : 340 litres

Selling Unit : **Unit**

Non-contractual pictures

**CHARACTERISTICS**

- Virgin high density polyethylene (HDPE), reinforced on the most used parts
- Resistance to UV rays, chemicals and different weathers.
- 2 solid rubber wheels (diameter 200 mm) with polypropylene plastic rims
- Electroplated metallic axle
- Easy to use : built-in handles on body and lid
- Saves space even when the lid is opened : lid tilting fully to the rear
- Noise reduction system on the lid
- Grip : on the front
- Colour : light grey for the container and dark grey for the lid
- In compliance with the EC standard EN840 to 6
- External dimensions without the wheels :
