## CHARACTERISTICS

Hard brush with short handle

This is the all-rounder of the Vikan line. Its handling is very pleasant, allowing the operator to use it for a long time without constraints. Its hard fibers allow to effectively brush any type of coating. It is very frequently used for cleaning equipment, worktops and walls. It is also possible to hold the brush by its head when looking for a better grip during specific brushing.

Recommended sterilization temperature (autoclave): 121 °C

Max temperature cleaning temperature (Dishwasher): 93 °C

Max temperature of use (for food contact): 80 °C

Max temperature of use (for non-food contact): 100 °C

Min.operating temperature : -20 °C
