Selling Unit : **Unit**

Non-contractual pictures

CHARACTERISTICS

- Polyurethane
- Color: blue
- Thickness: 200 µm (± 10%)
- Weight: 250 g/m² (± 10%)
- Dimensions: 90 x 130 cm
- Fastens with a knot at the back or front
- Fully assembled with waterproof welds
- Integrated elastic wrist tightening
- Long apron covers the boots
- Envelops and protects the sides
- Highly resistant to snags thanks to its elongation of over 500%
- Very smooth apron, easy to clean
- Does not harden

APPLICATION :

The DELTA apron with sleeves is suitable for use in the food industry (high resistance to animal fats, blood and everyday cleaning products)

WASH :

Cleaning: Brush with warm soapy water at 40°C or a mixture of water and mild detergent. Do not use toxic cleaning products.

Rinsing: With water

Drying: Hang the apron to dry without spinning

Storage: Store in a dry, well-ventilated area away from light. The apron should be replaced as soon as its surface shows signs of wear

STANDARDS :

- Complies with Regulation (EC) 1935/2004, Articles 3 and 4, concerning materials and articles intended to come into contact with foodstuffs
- Complies with EU Regulation 10/2011 concerning plastic materials and articles intended to come into contact with foodstuffs. This PPE may be placed in incidental contact with all types of foodstuffs, except acidic foodstuffs (pH less than 4.5)

- Complies with Article 33 of REACH Regulation 1907/2006 concerning products containing substances of concern and its amendments
- Complies with Regulation (EU) PPE 2016/425 and standard NF EN 13688: 2013
- Claimed mechanical properties: abrasion, tear, tensile, and puncture resistance
- Contains no phthalates, silicone, or bisphenols
