Code bobet : **21999**

Selling Unit : **Unit**

Non-contractual pictures

CHARACTERISTICS

- Allows a wide variety of cleaning, treatments and disinfection
- Can be filled with all traditional disinfection products, which protect against the proliferation of viruses and bacteria
- The importation of bacteria and viruses through soles, wheels and sometimes animals can be stopped by passing over foot bath mats soaked in disinfectant products
- Use inside or outside buildings
- Rot-proof foam, easy to clean with a water jet
- Waterproof, durable, non-slip and removable cover
- Mat absorption capacity: 1.62 liters of disinfectant
- Dimensions: 60 x 90 x 2 cm
- Weight: 1800 gsm
- Composition: PVC - polyurethane
- Operating temperature: -40°C to +70°C

APPLICATION / MAINTENANCE :

- Blue face on the ground, black face on top
- Used at the entrance to large kitchens, livestock farms, food manufacturing labs, chicken coops, hospitals, airports, schools, medical communities and any other area requiring disinfection of the soles
- For cleaning carts, forklifts, rolling containers, pallet trucks
- Do not use strong bleach
- Respect the minimum dilution of 5% for bleach

N.B.: Available in other dimensions (to be ordered specifically from us in various) for vehicle passage

CLEANING :

- Empty the product and rinse with a jet of water. If necessary, remove the foam from the cover
