Designation : **Foldable valved FFP3 mask 3M AURA 9332**

Code bobet : **12692**

Selling Unit : **Unit**

*Non-contractual pictures*

**CHARACTERISTICS**

Foldable valved FFP3 mask 3M™ Aura™ 9332

The following materials were used in the manufacture of this product:

- Flanges: Polyisoprene
- Nose bar: Aluminum
- Filter media: Polypropylene
- Nasal foam: Polyurethane
- Valve: Polypropylene

**ADVANTAGES :**

- Foldable 3 panel design accommodates a wide variety of face shapes and sizes
- The new 3M™ Cool Flow™ Comfort valve ensures the evacuation of a greater quantity of warm exhaled air, thus helping to improve your comfort
- 3M's innovative Electret filter media allows you to breathe easier
- Innovative tabs on the top and bottom panels make it easy to position and adjust

The sculpted top panel follows the nose and the contours of the face, to ensure an effective seal

Easy to store thanks to its foldable design and individual packaging

Respiratory protection FFP3 NR D elastic red in hazardous work environments

**APPLICATIONS :**

Battery manufacturing, pharmaceuticals, building / civil engineering, foundry and welding, Chemistry (powder), shipyards, iron foundries and steel, ceramic fibers

**LIMITS OF USE:**

This mask can be used as protection against solid aerosols, liquids whose liquid phase is water and non-volatile liquids for concentrations not exceeding 50 times the Average Exposure Value of the products handled.

**PACKAGING :**

Box of 10 pieces.

**WARNING :**

3M™ Aura™ 9300 + Gen3 Series Dust Masks have a shelf life of 5 years from the date of manufacture. The end of life date is indicated on the packaging and on the product. Before using for the first time, check that the product is

still within its validity period (expiry date). The product must be stored in a clean and dry place, at a temperature between -20 and + 25 °C, and at a maximum relative humidity level <80%

**STANDARDS :**

Complies with EU regulation 2016/425 on personal protective equipment

Complies with European standard: EN 149 :2001 + A1 :2006 - Respiratory protective devices - Half masks particulate filters - Requirements, tests

FFP3 NR D marking

\* NR: use limited to one working day

\* D: sealing performance
