CHARACTERISTICS

Green hard pad for normal scouring

- Material : nylon fibers, specific minerals, polymer resin
- Abrasion : 3.1g removed
- Colour : dark green
- Label : white 3M logo on the side
- Thickness : 8.5 mm
- Dimensions : 224 x 158 mm
- Weight : 580 g/m², 21 g/unit

DESCRIPTION :

This green multi-purpose hard pad in high quality synthetic fibers makes a non woven patch with opened structure containing abrasive cleaning particles homogeneously distributed and stuck with a strong resin.

BENEFITS :

- Excellent scouring performance, removes burnt food residue
- Flexible, nimble in corners and inaccessible areas
- Open structure patch, easy to clean
- Does not keep and does not leave harmful products
- Scours under hot water with the usual cleaning products (not very sensitive to hydrocarbon solvents)
- Very good durability
- Constant performance throughout the lifetime of the pad

APPLICATION / MAINTENANCE :

- It can be dry or wet used to scour pans and dishes, clean roasters and most cook utensils.
- It also enable to do many manual cleaning tasks in industrial environments, in buildings... (floors, stairs, offices, counters...)
- It is mild abrasive and is not recommended for scratch sensitive surfaces

MAINTENANCE

- Rinse with clear water after each use
- If required, remove residues inlaid in the pad with a nylon brush or let it dip in a cleaning solution to dissolve burnt food residues.

PACKAGING :

Bag of 20 pads
