ADVANTAGES

Salmon Products ® brand products have been designed to reassure cleaning managers thanks to their reliability, their efficiency, their extreme robustness and the fact that they are easily cleaned. They are tough enough to withstand repeated industrial testing and are usually available in five colors and in some cases six, to apply type or area segregation and implement HACCP systems.

STANDARDS

Complies with EU Regulation 10/2011 relating to plastic materials in contact with foodstuffs

DESCRIPTION :

Weight : 22.5 kg Kg
