CHARACTERISTICS

HERACLES NYLPECHE JACKET

Clothing designed to protect against bad weather and precipitation. It is impervious to chemical mist.

- ISOLATECH technique (patented) which allows condensation to be controlled under the raincoat
- CAP COZ fabric for comfort
- Elasticated gusset cuffs + pressure
- "MAGIC" hood (patented) which follows the movements of the head. Allows the wearing of headphones
- NYLPECHE fabric in stressed areas
- Large mesh closure under double hook-and-loop flap
- Blue color
- The lifespan of the garment is linked to the conditions of use, storage and the quality of its maintenance

MAIN MATERIALS

Outer fabric: Cap coz - 480 g/m²

Composition: 77% PVC - 23% Polyester

Outer fabric: Nylpêche - 485 g/m²

Composition: 69% PVC - 31% Polyester

DECONTAMINATION

1: Rinse, 2: Use a mild detergent, 3: Rinse thoroughly, 4: Let the garment dry

STANDARDS

- EU Regulation 2016/425 of March 9, 2016 relating to personal protective equipment - Category III PPE
- Standard EN ISO 13688:2013 - Protective clothing - General requirements
- Standard EN ISO 14605:2005 + A1:2009 - Protection against liquid chemicals (Type 4) - To be worn with the HERACLÈS jacket

- Standard EN 343:2019 + A1:2009 - Protection against rain

Resistance to water penetration: $\geq 20,000$ Pa = Class 4

Evaporative resistance > 40 m². Pa/W class 1 = non-breathable

- To benefit from the EN 14605 standard, type 4 chemical protection, the HERACLES jacket must be worn with the HERACLES coat (BOBET code: T.M 24820, T.L 24821 and T.XL 24822)
