ARTICLE

Designation : **Tourillon hose clip**

Code bobet : *See table below*

Selling Unit : **Unit**

Non-contractual pictures

CHARACTERISTICS

TOURILLON HOSE CLIP WITH MECHANICAL SCREW

- Articulated hose clip according to the standard DIN 3017.
- These hose clips meet all the requirements relative to environment while perserving its tightening power.
- Optimized fastening system.
- Reinforced band loop and nuts
- High torque

Material (band, screw and housing) : stainless steel 304 (AISI 1.4301)

APPLICATION :

APPLICATIONS :

Especially used for applications requiring high demands about the pipes fixing :

- * suction lines
- * Discharge pipes with plastic or metal inserts (spirals); with high Shore hardness

SECTOR OF ACTIVITIES :

Building and public works, machine tools (road machinery, scouring equipment), agro-industry (sprinkler installations, drainage installation), tank trucks, harvesting machines, spraying machines, agro-food and chemicals (stainless steel version)
