ARTICLE

Designation : **High pressure hose**

Code bobet :

11412 : 22 x 150

11413 : 12 x 17

Selling Unit : **Unit**

Non-contractual pictures

CHARACTERISTICS

- 2 steel braid hose, black inner tube and blue synthetic rubber outer coating, chrome-plated steel skirt.
- Temperature : -40 + 155°C

TECHNICAL CHARACTERISTICS :

- Inner diameter of the hose : 9.5 mm (mod. US. 6 - inch 3/8)
- Outer diameter : 17.1 mm
- Braids diameter : 15.0 mm
- Working pressure : 400 bars
- Break pressure : 1600 bars
- Curvature radius : 90 mm
- 20 meter crown
- Weight : 0.420 kg/ml
- Crimping :
 - * Code 11412 : crimped with steel female connector 22x150 - "Karcher" connector
 - * Code 11413 : crimped with steel female connector 12x17

CARACTERISTIQUES ENVIRONNEMENTALES

Tuyau haute pression

Codes BOBET : 11412, 11413
