Designation : **PARINOX apron**

Code bobet :

11263 : 56x85

11264 : 44x77

11265 : 55x78

11266 : 55x85

Selling Unit : **Unit**

Non-contractual pictures

CHARACTERISTICS

- Trimming stainless steel 316L chainmail apron.
- Wire $\varnothing$ 0.5 mm.
- Rings diameter : inside 3 mm - outside 4 mm.
- PARINOX aprons are reversible, offering a total protection thus avoiding any possible risk from wearing it back to front.
- Comfortable : PARINOX aprons provide all the comfort and flexibility of chainmail to the operator.
- Safety : adapted for trimming thanks to their dimensions and their comfort with the VITOFIX HARNESS system. Chainmail is perfectly welded and undergoes many tests, reliability and durability proofs.
- Delivered with a VITOFIX harness for a good fitting of the apron :
 - * The VITOFIX harness is removable and adjustable, it prevents the apron from opening when the operator bends forward.
 - * Safety : the apron does not slide down anymore , the heart is protected.
 - * Speed : instant dressing, easy and safe.
 - * Hygiene : Single piece harness, easy to clean.
 - * Comfort : The weight of the apron is shared on shoulders and back.
 - * The upper part of the apron is fit with four fixing points, offering the operator two adjustments to fit his morphology.
 - * The good mark : the upper edge of the apron has to take place above the middle of the breastbone and the lower edge has to reach the middle of the thigh.

Simple landmarks can be taken on the body to identify the good setting of the apron.

- It is possible to adapt a cover or a hygiene apron.

SIZES

- Code 11263 : 44x70 cm for operators from 152 to 164 cm - Chest size 76-96 cm

Weight : 1201 g

- Code 11264 : 44x77 cm for operators from 164 to 182 cm - Chest size 76-96 cm

Weight : 1306 g

- Code 11265 : 55x78 for operators from 164 to 182 cm - Chest size 96-120 cm

Weight : 1468 g

- Code 11266 : 55x85 cm for operators from 182 to 200 cm - Chest size 96-120 cm
