CHARACTERISTICS

ADJUSTABLE STAINLESS STEEL SEAT WITH WORM SCREW

MATERIAL:

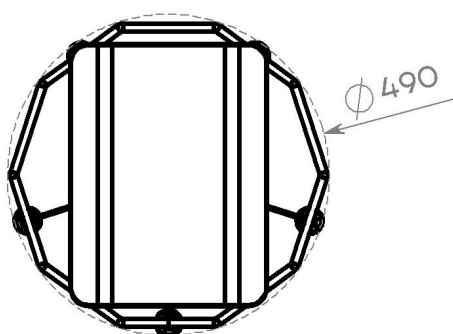

WHITE HDPE 500 SEAT

Base/ Worm screw/304 stainless steel

EPDM feet

FEATURES

- Weight: 12.00 kg
- Height adjustment from 530 to 810 mm by rotating the seat
- 5-star base and column in AISI 304L stainless steel
- 5 adjustable hygienic M12 stainless steel feet with blue EPDM base
- Concealed stainless steel adjustment screw
- White HDPE seat. (Other seats are available as an option)
- Ergonomics for production: Possibility of using the seat in a "sit-stand" position*
- Very high stability

*BENEFITS of the "sit-stand" position:

It relieves the weight on the operator's legs. Two-thirds of the weight is absorbed by the seat in the "sit-stand" position.

Reduces muscle fatigue (heavy legs, varicose veins, etc.)

They are generally used when the operator is required to stand frequently.

SPARE PARTS

- M12 Ø40 hygienic feet – Bobet code 24542
- White HDPE 500 seat – Bobet code 70953

OPTIONS:

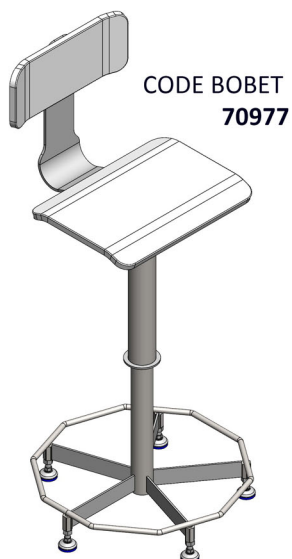

- Height- and depth-adjustable backrest in AISI 304L stainless steel and HDPE – Bobet code 70977

OPTION : ROUES / **WHEELS**

CARACTERISTIQUES ENVIRONNEMENTALES

Siège inox réglable

Code BOBET : 70937

Les impacts environnementaux de ce produit ont été analysés le long de son cycle de vie.

MATIERES PREMIERES

- Inox 304/304L 100% recyclable
- PEHD recyclable

FABRICATION

- Technologie responsable : La soudure TIG produit moins de fumée et moins de projection
- 100 % de la fabrication en France

EXPEDITION

- Les palettes sont d'occasion et composée à 100% de matières recyclées

UTILISATION

- Grande modularité du produit
- Assise réglable, option dossier réglable, option repose pieds, option roues
- Pièces détachées disponibles

FIN DE VIE

- L'inox austénitique garantit la longévité du produit
- Le produit est recyclable à 100%
