Designation : **Sharpshock Prodder**

Code bobet :

21131 : Kit 58 cm

21132 : Handle

21133 : Extension 33 cm

21134 : Extension 58 cm

21135 : Battery and Charger

Selling Unit : **Unit**

Non-contractual pictures

**CHARACTERISTICS**

Prodder with rechargeable battery.

- Economical
- Sealed motor
- Water resistant handle
- Flexible extension rod
- Prodder tube rechargeable + 400 times
- For livestock (cattle and pigs)
- Alternating current
- 7000 V max output voltage
- 0.84 A
- 5 Watts (5 Watts per second = 5 Joules)

The code 21131 (the kit), includes a complete set:
a handle + an extension rod of 58 cm + a battery + a charger.

Advantages :

- Reduced energy consumption and a double lifespan compared to usual prods.
- Motor protected from dust and corrosive fumes
- Protected against splashing water (IP45)
- Exceptional performance even with large thermal amplitudes and on wet animals.
- Protected against splashing water.
- On/off switch to prevent unintended use.

STANDARDS :

Complies with directive 1099/2009 on animal welfare and animal protection, non-continuous 1 second electrical pulse.

In accordance with the following directives:

1) Electromagnetic Compatibility: EMC Directive 2014/30/EU

Application of the following harmonized standards:

EN 55014-1:2006+A1:2009+A2:2011

EN 61000-3-2:2014

EN 61000-3-3:2013

EN 55014-2:2015

2) RoHS: Directive 2011/65/EU

Application of the following harmonized standards:

EPA3050B:1996, EN1122B:2001, EPA3052:1996,
EPA3060A:1996, EPA7196A:1992, EPA3540C:1996,
EPA8270D:2007, IEC62321:2008U
