Non-contractual pictures

CHARACTERISTICS**MANUAL SLICER**

- Material: HMPE, Aluminum, Plastic
- Color: Black and white
- Dimensions: 477x358x110mm
- Weight: 6.3 Kg
- Ergonomic "Wire safe" handles for a good and comfortable grip
- Stop wedges for a good hold of the cheese
- Attractive and elegant visual, ideal for counters
- For all types of cheese: young, old, soft, hard or dry (8 kg, 12 kg, 16 kg)
- Super strong cutting wire
- Can also be used as a cutting board
- Easy and light cut
- Ergonomic, safe and hygienic
- Not dishwasher safe

MANUAL :

Place the cheese on the Cheese O Matic® and take the wire handle from the board. The wire allows a clean and easy cut. You get pieces with a clean and smooth cut, without any shedding. The Cheese O Matic® can be used to cut cheese in half, but also in small pieces or thick slices. To attach the cutting wire to the cheese, a small scoring knife is also available

SPACE SAVING :

By removing the two rods from the tray, you can use the base as a cutting board.
