

# SPECIFICATIONS

## ARTICLE

Designation : **Steel spanner wrench**

Code bobet :

**5973 : D.30 to 45 mm**

**3150 : D.45 to 80 mm**

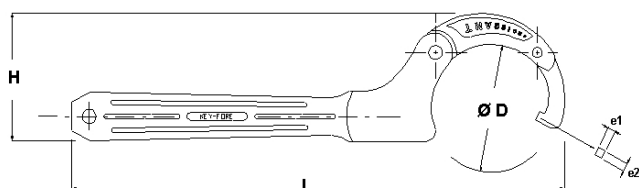

**3151 : D.80 to 120 mm**

Selling Unit : **Unit**

Non-contractual pictures

## CHARACTERISTICS

The KEYFORE spanner wrenches are made with 2 types of steel :

- The handle and the head are in C35E/C353R (forged steel).
- The hook is laser cut in metal sheets in 25CD4.
- The handle and the head receive a nickel plating and a chromium.
- The hook undergoes browning.
- Not resistant to chlorine.

\* The wrench code 5973 suits for DIN10 and 15 couplings.

\* The wrench code 3150 suits for SMS25 and 38 couplings, as well as DIN20, 20, 32 and 40 couplings.

\* The wrench code 3151 suits for SMS51, 63 and 76 couplings, as well as DIN50 and 65 couplings.

L (mm)	H (mm)	Ø D	e1 (mm)	e2 (mm)	Weight (Kg)	Code Bobet
