Non-contractual pictures

**CHARACTERISTICS**

The TOOL RETRACTOR protects your cutting tool from loss and fall. The centerpiece is the very resistant and extendable Kevlar cord up to 90 cm. As soon as you let go of your knife, the flexible cord pulls it back towards you. Your hands are free for other activities - the knife always remains within reach. The carabiner is for your belt buckle, the steel cable on the other end is for the eyelet of your cutting tool

- Robust cord
- Plastic material
- Dimensions: 180 x 130 x 48 mm
- Cord length: 90 cm
- Weight: 47.0 g
- Large carabiner
- Quick connect
- Compatible with all MARTOR cutters (the cutter must not exceed 170g, so that the Kevlar cord can retract immediately if desired)
