CHARACTERISTICS

TECHNICAL CHARACTERISTICS :

- Appearance: Blue cubes
- Scent: Citrus
- Without paradichlorobenzene
- Composition: Anionic surfactants (more than 30% - EC regulation n° 648/2004); perfumes

DESCRIPTION :

- Act quickly in a preventive and curative manner
- Clean, deodorize and descale urinals
- Pleasantly sent thanks to their citrus scent
- Immediately block bad odors at the source
- Deodorize effectively for several weeks
- Clean and remove organic matter and urea
- Urinals stay clean for longer
- Avoid lime deposits at the bottom of the urinal
- Allow the pipes to be maintained
- Prevent engorgement due to uric tartar
- Gradually and completely disintegrate without leaving any residue

INSTRUCTIONS FOR USE :

- Place 1 to 3 cubes at the bottom of the urinal
- Leave to act and wait for the complete dissolution of the roller before placing a new one
- Does not leave residue
- Does not clog urinals

PACKAGING :

Box of approximately 33 cubes (1 kg)
Box of 6 boxes

SAFETY :

Strictly professional product
Do not unpack the product from its original packaging, and do not reuse the empty packaging.

Wear suitable protective clothing, gloves and eye / face protection. Avoid unnecessary exposure. Avoid contact with skin and eyes. Do not breathe gas / vapors / fumes / aerosols
